

K-Love is a radio station unlike any other radio station in my local area of Troy, OH. It provides uplifting and encouraging music, providing wholesome values for all ages. If K-Love was to be displaced by an LPFM broadcaster providing other programming, we would not have the opportunity for this type of encouraging music. K-love also provides many activities in our local area, which builds community in several towns. It is in the best interest of the public to give FM translator service priority and to keep K-Love on the air. Thank you.
